

Love Is for Me

Joe Cocker

Skin so soft, smile so new
It's all these things I see in you
Heart so warm your mind so clear
It's things like this I see in you my dear

I believe everything about you baby
(I believe, I believe, I believe, I believe, I believe,
I believe, I believe)

So many things in you to appreciate
Like in an impatient child I can hardly wait
My fond of love is going round, because of you girl
I'm so proud (I'm so proud baby)
It doesn't matter how foolish I may sound
It would be the most senseless haven't you around

I believe everything about you baby
(I believe, I believe, I believe, I believe, I believe,
I believe, I believe)
Love is for me
You are to be
right here in my loving arms
Please don't you wait, don't hesitate
Turn on your loving charms
Turn them on little momma, give me your loving baby

I don't mean, to impose on you
Such a proud to me, what else could I do
Help me climb the mountain of success
The cliffs than lead to your happiness

I believe everything about you baby
(I believe, I believe, I believe, I believe, I believe,
I believe, I believe)
Love is for me (love is for me)
You are to be (to be)
Right here in my loving arms (Right in my loving arms)
Please don't you wait, don't hastate
Turn on your loving charms
Right now baby
Your love is for me (love is for me)
You know it
I believe everything about you baby (love is for me)
Make me feel real good
I can hardly wait for your love (love is for me)
And you know about now baby (love is for me)
I believe everything (love is for me)
everything you saw (love is for me)

And I don't know how much I can take
Gimme your love baby
Right on
