F# Bm A7 D G D

We know, up where the clear wind blow

Some hang on to used to be
Live their lives, looking behind
All we have is here and now
All our life, out there to find
The road is long
There are mountains in our way,
But we climb them a step ev'ry day

Love lift us up where we belong
Where the eagles cry
On a mountain high
Love lift us up where we belong
Far from the world
We know up where the clear winds blow

Love lift us up where we belong

Where the eagles cry
On a mountain high
Love lift us up where we belong
Far from the world
We know where the clear winds blow
