

# Kleptomaniac

Joe Jonas

Oh that girl can kill you with a smile  
She'll see you coming from a mile  
So don't leave nothing in your pockets

Oh her kiss is like an open chain  
She'll put that poison in your brain  
And nothing you can do to stop it

I want you to know  
I'm telling you she's cold to her soul  
Everything ain't glitter and gold,  
even though it's blinding

She's a kleptomaniac, she'll steal your heart and goes.  
Such a maniac, under her control  
Kleptomaniac  
Give your all, she wants more and more and more

Maniac (6x)

Oh where she'll make up purple sky  
and they come down here in disguise  
she has a drug you should be trying

Oh her kiss is like an open chain  
And she'll put that poison in your brain  
and nothing you can do to stop it

I want you to know  
I'm telling you she's cold to her soul  
Everything ain't glitter and gold,  
Even though it's blinding

She's a kleptomaniac, she'll steal your heart and goes.  
Such a maniac, under her control  
Kleptomaniac.  
Give your all, she wants more and more and more
