At the Station

I was standin' at the station Out at the end of the line Feelin' mad, just a bit impatient And I wish that you would make up my mind Yes I was out there on the platform Pay phone keeps eatin' my dimes And I still don't have an answer And the train's leavin' right on time I'm fallin' down

I'm fallin' down Standin' at the station Won the battle Here I am, standin' at the station Like a gen'ral just relieved of command I'm fallin' down I'm fallin' down Joe Walsh
