

Cherry Pie

Joel Faviere

What's the reason why you're leavin'?
All your friends said you were bored

I'm to be the one believin' what they said and more
Why are you cheesin'? You just broke my heart
I'm layin' on the floor

All this gossip got me tossed up
I don't know where to turn

Mm-mm, ooh-ooh-mm
Mm-mm, ooh-ooh-mm
Lips like cherry pie
And eyes just like the moon, yeah

Mm-mm, ooh-ooh-mm
Mm-mm, ooh-ooh-mm
Lips like cherry pie
And eyes just like the moon, yeah

Stop, drop, maybe I am burning
This bass drum ain't beating for you

Thinking of you, [?]
But our favorite song just ain't workin'

Ooh, love, lust, affection and devotion
This bass drum was beating for you

Well, what does he do that I don't do?
How can you prove it's better, better?

Mm-mm, ooh-ooh-mm
Mm-mm, ooh-ooh-mm
Lips like cherry pie
And eyes just like the moon, yeah

Mm-mm, ooh-ooh-mm
Mm-mm, ooh-ooh-mm
Lips like cherry pie
And eyes just like the moon, yeah

Mm-mm, ooh-ooh-mm
(Yeah, I never thought that it would come to this)
Mm-mm, ooh-ooh-mm
(feels so good)
But goddamn, damn lovin' it
Yeeeeaaaahhhh

This the part where you sing, and let the beat drop
(op, op, op) beat drop (op, op)
Now acapella, pella, pella, aye
Hey, hey

Bring that chorus back!

Stop, drop, maybe I am burning

Mm-mm, ooh-ooh-mm
Mm-mm, ooh-ooh-mm
Lips like cherry pie
And eyes just like the moon, yeah

Mm-mm, ooh-ooh-mm
Mm-mm, ooh-ooh-mm
Lips like cherry pie
And eyes just like the moon, yeah
