

Die Right Here

Joel Faviere

Hey, Voodoo Doll
Did you know it hurts me when you fall?
When you fall, ooh, ooh, ooh, oh, fall down...
Yeah, my friends, they told me
You're really lonely
So far from happy
Nervous, and never laughing
Tables keep turnin', it's that cash I'm earnin'
So fuck the talk, my passion's burnin'
Never shuttin' up, gotta touch that surface
Yeah, yeah, yeah, ahh
Gotta touch that surface
Yeah, yeah, yeah, haah
I ain't about these burdens
If I were-e-ere to die right here, die right here
Would I be inside your mind, any given time?
Woah, oh oh oh oh
If I were-e-ere to die right here, oh, oh
Would I be inside your mind, any given time?
Woah, would you remember?
Would you, would you remember?
The pressure, it's crazy
One day they love me, then they hate me
So, what? I might be breaking
I stay gold while I'm shaking
Tables keep turnin', it's that cash I'm earnin'
So fuck the talk, my passion's burnin'
Never shuttin' up, gotta touch that surface
Is there a difference between 'broken' and 'breaking'?
Please tell me
Is there a difference between 'broken' and 'breaking'?
I'm not about these burdens
If I were-e-ere to die right here, die right here
Would I be inside your mind, any given time?
Woah, oh oh oh oh oh
If I were-e-ere to die here, oh, oh
Would I be inside your mind, any given time?
Would you remember, would you remember?
Would you remember?
Oh, would you remember, would you remember?
Would you remember-e-e-er?
So break on through, know just what ya gotta do, ah, ah, oh
Break on through, If ya know just what ya gotta do
Oh, oh
So break the fears, grab the wheel and steer
I know you got what it takes, my dear
To break the fears, break the fears
Tuck away those tea-e-e-e-ears, tea-e-e-e-ears
Those tea-e-e-e-ears
Yeah, yeah, yeah, oh
Gotta touch that surface
Eh, haaah
I ain't about these burdens
If I were-e-ere to die right here, die right here
Would I be inside your mind, any given time?
Oh, oh, oh
Ooh wa-ah oh-ah oh

If I were to die right here, mm-m
Would I be inside your mind, any given time?
Would you remember?...
Would you remember?
Hey, Voodoo Doll
Do you know it hurts me when you fa-a-a-a-all?
When you fa-a-all, mm, fall down?...
