

# Don't Worry Bout' it

Joel Faviere

Shiver, shiver down your spine  
We're wasted, but we don't waste no time, no  
Timber, timber, house catch fire  
Closer, make your toes point and make you smile, yeah  
Hot like summer while we wild like rain  
Ooh, let me drive you insane  
Bombs goin' off while I make you sing  
Oh-wee-oh-wee-oh-wee-oh  
(She said)  
She said, "Don't worry 'bout it," (no, no, no)  
"We gon' make this mansion burn down"  
She said, "Don't worry 'bout it"  
"Do anything, but don't slow down"  
Don't you worry, worry, worry, worry, worry, worry 'bout it [x4  
]  
She got that Dolce and Cabana blue  
Make me wanna lay right next to you  
Innocent, but intimate  
Never ever knew that it could feel like this  
(Show me the ropes, girl)  
Hot like summer while we wild like rain  
Ooh, let me drive you insane  
Bombs goin' off while I make you sing  
Oh-wee-oh-wee-oh-wee-oh  
(She said)
