

Paralyzed

Joel Faviere

This bed I'm livin' in
Feels so cold, so cold
And this head I'm livin' with
It tells me things I don't wanna know

Oh, I
I never been so wrong in my entire life
I close my eyes
Hold on tight
Cause there ain't other souls to your left, or to your right
I close my eyes

I'm paralyzed
I'm paralyzed

Instead of givin' in
To lucid dreams, and my foolish faults
I keep my head held high
Lie my way up to the sky

Don't know why
I never been this tired in my whole damn life
I chose to lie inside
Cause there ain't other souls to my left, or to my right
I hold on tight

I'm paralyzed
I'm paralyzed

Just for now, not for long
Just for now is too long
Oh, I spiraled down
Go to high, go too low

Just for now, not too long
(I'm paralyzed)
Just for now is too long
(I'm paralyzed)
Oh, I spiraled down

I never been so wrong in my entire life

I'm paralyzed
I'm paralyzed
