

## Porn Star

Joel Faviere

It all started on a friday (friday)  
I was at a party so late (so late)  
She walked up wearing stihlettos  
Shit, my heart was beatin' from the get' go'  
Ah.

With big brown eyes & an ass to match,  
A nice vocabulary just to keep the conversation wet  
She was already grabbin' my hand while kissin' on my neck  
k-kissin' on neck, neck

Oh how I wonder what you are,  
baby girl just let me take you, take you far  
Be my porn star,  
Be my porn star.

She started talkin' in my ear without an,  
She started talkin' in my ear without an ounce of fear  
Tellin' me all this hot shit,  
Tellin' me all this hot shit that i want to hear.  
The juicy co,  
The juicy coture and a mouth full of lip stick.

I could tell she wanted this  
I could tell she wanted this dick from the persistence

Oh how I wonder what you are,  
baby girl just let me take you, take you far.  
Be my porn star,  
Be my porn star.

Oh how I wonder what you are (what you are)  
baby girl just let (baby girl just let me take you, take you fa  
r)  
Be my porn star,  
Be my porn star.
