

# Come and Get It

John Newman

I have been crazy  
But that's just alright, alright  
I have been lonely  
But that's just alright, alright

My feelings I don't  
Hide them, hide them, hide them  
Inside they keep on  
Burning, burning, burning  
Your feelings you shouldn't  
Hide them, Hide them, hide them  
From me  
Nah nah nah noo no'right

Come and get it if you really want it  
Come and get it if you really need it  
Come and get it if you really want it  
Come and get it if you really need it  
Come and get it if you really want it  
Come and get it if you really need it  
Come and get it if you really want it  
Come and get it if you really need it

I don't feel so unfortunate  
But that's just alright, alright  
I have been treated so badly  
But that's just alright, alright

My feelings I don't  
Hide them, hide them, hide them  
Inside they keep on  
Burning, burning, burning  
Your feelings you shouldn't  
Hide them, Hide them, hide them  
From me  
Nah nah nah noo noo'right

Come and get it if you really want it  
Come and get it if you really need it  
Come and get it if you really want it  
Come and get it if you really need it  
Come and get it if you really want it  
Come and get it if you really need it  
Come and get it if you really want it  
Come and get it if you really need it

Every man have been broken  
Every woman too  
The reason I think I'm something special babe  
Is 'cause I was never broken by you

Come and get it if you really want it  
Come and get it if you really need it  
Come and get it if you really want it  
Come and get it if you really need it  
Come and get it if you really want it  
Come and get it if you really need it

Come and get it if you really want it  
Come and get it if you really need it
