

# Enough Is Enough

John P. Kee

Enough is enough  
I can't take it no more  
Time for me to free my mind so walk right out that door  
I've gone through before and  
I've weathered the rough  
I want you to know enough is enough

I'm determined to reach new heights  
My past forgotten, I've got new joy in sight  
You held me down now new favor I've found

I'm committed with my hands raised  
I'll not only love You, but Your name I will praise  
You shared the truth, now I'll be true to You  
I can't take no more

No more for me, I'm not available  
Took me a while to plainly see  
I chose a life that is incredible  
Not hating, I've just been set free

Enough is enough, it's getting tough  
Feels like a diamond refined in the rough  
Transition, on a mission, realize the vision  
Keeping notes like a Christian statistician  
You've been replaced so pick your face up off the floor  
I resist you so it's time to use the door  
The door, the place where we exit and we enter  
Don't use ebonics but I want to use finta  
Move, move into my place of authority  
I'm moving up and I'm tired of you using me  
Locked down like a puppet on a string  
No more, no more, I'm outta here, I'm clean  
Clean up from my toes to my afro  
No room in the vessel yo, you gotta go  
Pack your bags and your thoughts and all your stuff  
Hee, hee, enough is enough

I'm tired  
I give you up  
Enough is enough  
I don't wanna see you no more

I'm through  
There's no more room  
I'm sick of you  
I don't wanna see you no more, no more

Alternate Vamp  
I'm moving up to bigger and better things  
I will not let nothing hinder me
