

# Oh How Wondrous

John P. Kee

Oh how wondrous is the name of the Lord  
how we worship  
His name is to be adored  
God our maker  
endured pain guilt and strife  
so that we might  
access our eternal life

[repeat]

We offer sincere praise  
we stand and bless your holy name  
your blood has loosed all the chains  
all men shall proclaim  
there's power in your name

How we love you  
your name is so sweet  
your joy is complete  
we love you  
we reverence your face  
in this holy place

Jehovah Jireh  
He who provides for us all  
my strong tower  
Who hears and moves when we call  
Elohim he created us from the dust  
Jehovah Shammah  
the Lord is present with us

We offer sincere praise  
we stand and bless your holy name  
your blood has loosed all the chains  
all men shall proclaim  
there's power in your name

We offer sincere praise  
we stand and bless your holy name  
your blood has loosed all the chains  
all men shall proclaim  
there's power in your name

How we love you  
your name is so sweet  
your joy is complete  
we love you  
we reverence your face  
in this holy place

[repeat x2]

Oh how wondrous is the name of the Lord

[repeat x14]
