You may live alone and close your eyes
Some folks do
You may dream a dream that's twice your size
All night through
When the morning comes who's to tell your dreams to
Only you
Only love, love only, only love
Will do
Only love, love only, only love
Comes true
Nothing else, you see, there nothing else
Only love, only love
I have known a love within my heart
One or two
Where one love would end and one would start
I never knew
If love should come your way you'll learn to say
I love you I love you
Only love, love only, only love
Will do
Only love, love only, only love
Comes true
Nothing else, you see, there nothing else
Only love, only love
Only love, love only, only love
Will do
Only love, love only, only love
Comes true
Nothing else, you see, there nothing else
Only love, only love
```
