

Iron Horses

John West

I like racin' with the wind
The sound of thunder I the night
It's not a car I wanna be in
I like 'em low and wide

Iron Horses side by side
Iron Horses in power we ride

I feel the clatted of the pistons
Right between my things
Hear me comin' from a distance
Ya won't believe your eyes

Iron Horses side by side
Iron Horses in power we ride

"And all of you
out there like me ride free!
Sweet freedom hold close in your hand
Let no one take it away, try as they may
The eagle belongs to this land"

Born to Ride!
Born to Ride!

Iron Horses side by side
Iron Horses in power we ride
