

# Restless Heart

John West

Between the here and after  
I heard the sound of other children's laughter  
It's music sounded strange to me  
Reminds me of how I want it to be

This empty space within my heart can get the best of me  
Abandoned room is barren,  
walls are closing in on me

1/2 Chorus

Time has gotta hold on me... Restless Heart  
Longing for a family... Restless Heart

Been waiting for so long now  
From deep inside me... natural desires  
A child would make it so complete  
Reflection a part of you and part of me

This empty space within my heart can get the best of me  
Abandoned room is barren,  
walls are closing in on me

Chorus

Time has gotta hold on me... Restless Heart  
Longing for a family... Restless Heart  
Only you can set me free... Restless Heart  
A part of you and part of me... Restless Heart

Solo

Been waiting for so long now  
From deep inside me... natural desires  
A new life would make it so complete  
Reflection a part of you and part of me

This empty space within my heart can get the best of me  
Abandoned room is barren,  
walls are closing in on me

Chorus

Time has gotta hold on me... Restless Heart  
Longing for a family... Restless Heart  
Only you can set me free... Restless Heart  
A part of you and part of me... Restless Heart
