

# I'm An Easy Rider

Johnny Cash

I'm an easy rider, the wind is at my back  
I'm an easy rider, the white line is my track  
Every lane is a passin' lane and the ride away is mine  
Let me on that straight-away and I'll be fairly flyin'

I'm an easy rider, my wheels love to roll  
I'm an easy rider, I ride a new road every day  
I'm an easy rider, I will see you on my way

I got a number down in every town in my little black book  
And they understand that I'm a travelin' man  
So they don't think they got hooked  
I'm an easy rider, I love that gray highway

I'm an easy rider, oh Lord, I love to roll  
I'm an easy rider, movin's in my soul  
I know a lady down in Little Rock and I stopped for a little while  
But I had to go 'cause another I know is waitin' for my smile

I'm an easy rider, I can't stay in one place
