

Let The Train Blow The Whistle

Johnny Cash

- G**
1. I don't want no aggravation
G
When my train has left the station
C **G**
If you're there or not, I may not even know
B7
Have a round and remember
C **G**
Things we did that weren't so tender
D7 **G**
Let the train blow the whistle when I go
2. On my guitar sell tickets
So someone can finally pick it
And tell the girls down at the Ritz
I said hello
Tell the gossipers and liars
I will see them in the fire
Let the train blow the whistle when I go
- C** **G**
R: Let her blow, let her blow
G
Long and loud and hard and happy
D7
Let her blow
G **B7** **C**
No regrets, all my debts will be paid
G
When I get laid
D7 **G**
Let her blow, let her blow, let her blow
3. You'll be left without excuses
For the evils and abuses
Down to today from years and years ago
And have yourself another token
From my basket full of smoke
And let the train blow the whistle when I go
- R: Let her blow, let her blow...
