

Meet Me In Heaven

Johnny Cash

We saw houses falling from the sky Where the mountains lean down to the sand
We saw blackbirds circling 'round an old castle keep And I stood on the cliff and held your hand

We walked troubles brooding wind swept hills And we loved and we laughed the pain away
At the end of the journey, when our last song is sung Will you meet me in Heaven someday

(Chorus) Can't be sure of how's it's going to be When we walk into the light across the bar
But I'll know you and you'll know me Out there beyond the stars

We've seen the secret things revealed by God And we heard what the angels had to say
Should you go first, or if you follow me Will you meet me in Heaven someday

Living in a mansion on the streets of gold At the corner of Grace and Rapture Way
In sweet ecstasy while the ages roll Will you meet me in Heaven someday

In sweet ecstasy while the ages roll Will you meet in Heaven someday
