

# No Expectations

Johnny Cash

Come and take me to the airport  
Come and bore me on that plane  
Cause I've got no expectations  
To ever pass this way again

Well once I was a rich man but now I am so poor  
Never in my weary life have I felt like this before  
Your love is like a diamond and you cast your pearls to swine  
And as I see you leavin' me it drags my peace of mind

Come and take me to the airport  
Come and bore me on that plane  
Cause I've got no expectations  
To ever pass this way again

Your love is like the water  
It's sparking on the stone  
Your love is like the music  
First it's here and then it's gone

Come and take me to the airport  
Come and bore me on that plane  
Cause I've got no expectations  
To ever pass this way again

Come and take me to the airport  
Come and bore me on that plane  
Cause I've got no expectations  
To ever pass this way again
