

## Santa Claus Is Lookin' For Love ?

Johnny Lee

I been working all year long making toys  
To give to all the good little girls and boys  
When I finally get home there's no one waiting for me  
Even old Santa needs some TLC

Santa Claus is looking for love (looking for love)  
Yeah, Santa Claus is looking for love (looking for love)  
Someone to hold me tight, beneath the northern lights  
Santa Claus is looking for love

If I had one wish, I swear it would be  
To wake up and find an angel under my tree  
I'd wrap her in my arms and never let her go  
I want every single woman in the world to know

Santa Claus is looking for love (looking for love)  
Yeah, Santa Claus is looking for love (looking for love)  
Someone to kiss me slow, under the mistletoe  
Santa Claus is looking for love

I don't need old Rudolf or his shiny nose tonight  
Santa needs someone to make him feel alright  
I need a woman's touch to make this house a home  
Santa can't live on milk and cookies alone

Santa Claus is looking for love (looking for love)  
Yeah, Santa Claus is looking for love (looking for love)  
Someone to hold me tight, beneath the northern lights  
Santa Claus is looking for love

Santa Claus is looking for love (looking for love)  
Yeah, Santa Claus is looking for love (looking for love)  
Someone to kiss me slow, under the mistletoe  
Santa Claus is looking for love

Santa Claus is looking for love (looking for love)  
Yeah, Santa Claus is looking for love (looking for love)  
Someone who'd give it all, and be my Mrs. Claus  
Santa Claus is looking for love

Santa Claus is looking for love (looking for love)
