

Easy Does It

Johnny Mathis

Easy does it
Little heart don't beat so madly
Easy does it
This affair could turn out badly

I say to myself: "watch out!"
You've been burned before
But the moment we kissed, no doubt
I'm gonna forget what I've learned before!

Easy does it
Little tongue don't trip and stutter
Easy does it
Little heart don't turn to butter

If she thinks you're in love, watch out!
She'll say that it's time to part!
So take it easy
Free and easy
Easy does it, little heart

Easy does it
Little heart don't turn to butter

If she thinks you're in love, watch out!
She'll say that it's time to part!
So take it easy
Free and easy

Easy does it, little heart
