

# I'm Just a Boy in Love

Johnny Mathis

I'm just a boy in love  
For the first time, and the last time  
I'm just a boy in love, feel like I walk on air  
Things around me just astound me  
Feel like I walk on air

And that night, you smiled at me  
Such a night, there'll never be  
I'm just a boy in love  
Life is new now, dreams come true now  
And I'll always be a boy in love

And that night, you smiled at me  
Such a night, there'll never ever be  
I'm just a boy in love  
Life is new now, dreams come true now  
I have you now and I'll always be a boy in love
