

## Priceless

Johnny Mathis

You always give anytime, day or night  
You're there for life, whether I'm wrong or right  
And I believe because you keep me strong  
If I should stop, you'd keep me going on

You're priceless  
There's nothing can compare  
You're priceless  
Just like the earth needs air  
You're priceless  
You see what no one does  
You're precious  
Can't give you too much love

Seems as though to really know what's right  
I had to go through sometimes a little wrong  
But thanks to you, my life is a like a song  
No matter where I went, I've had a home

You're priceless  
There's no one can compare  
You're precious  
Just like the earth needs air  
You're priceless  
Come see what you have done  
You're priceless  
With you I know I've won

You're priceless  
There's nothing can compare  
You're priceless  
Just like the earth needs air  
You're priceless  
You see what no one does  
You're precious  
Can't give you too much love

You're priceless  
There's nothing can compare  
You're priceless  
Just like the earth needs air  
You're priceless  
You see what no one does  
You're precious...
