

Sweet Surrender

Johnny Mathis

Baby I'm through runnin' its true
I'd be a fool to try to escape you
Maybe Im beat but oh what a sweet surrender

You keep your rights, Ill take your nights
No one can lose when we turn the lights out
Tastin' defeat, lovin' that sweet surrender

I'm givin' up myself to you but I didn't really lose at all
I gave the only love Ive known and it never hurt me to fall

Now that its done, so glad you won
I know our lives have only begun now
No more retreat, only my sweet surrender
