

# Two Strong Hearts

Johnny Mathis

Well there's no need to analyse this kind of emotion  
Cause it comes naturally  
A simple case of feeling love and devotion  
So tell me tenderly

I wanna give my life to you  
I wanna feel my blood run through you  
And oh I wanna touch you  
Over and over and over again

We've got two strong hearts  
We stick together like the honey and the bee  
You and me  
We've got two strong hearts  
Reaching out forever like the river to the sea  
Running free  
Running free

I feel there's no need for compromising my reputation  
When you lead me astray  
I'm proud to be a part of this fascination  
When I hear you say

I wanna be here to guide you  
And I wanna feel my love inside you  
And oh I wanna touch you  
Over and over and over again

We've got two strong hearts  
We stick together like the honey and the bee  
(You and me)  
You and me  
We've got two strong hearts  
Reaching out forever like the river to the sea  
(You and me)  
Running free  
Running free

Let's stay together forever and ever  
Let's stay together, that's how it should be  
I'm gonna love you forever and ever  
So I'm gonna tell you over and over and over again

We've got two strong hearts  
We stick together like the honey and the bee  
You and me  
We've got two strong hearts  
Reaching out forever like the river to the sea  
Running free

We've got two strong hearts  
We stick together like the honey and the bee  
(You and me)  
You and me  
We've got two strong hearts  
Reaching out forever like the river to the sea  
(Running free)

Running free

We've got two strong hearts  
We stick together like the honey and the bee  
You and me  
We've got two strong hearts  
Reaching out forever like the river to the sea  
(Running free)  
Running free

We've got two strong hearts  
We stick together like the honey and the bee  
(Honey and the bee)  
You and me...
