

# Something You Got

Johnny Rivers

Well, it's something that you got, babe  
Make me work all day, now don't comment  
Hey, something that you got, little girl  
Makes me bring all my pay  
Something you got, little baby  
What it is I don't know, no, I don't know  
But I said a-ha-ha, I said a-ho-ho  
I love her so

??? something that you got, girl  
Makes your man work like a dog  
Something you got, little babe  
Make me coming home sweating dirty like a hog  
Yeah, something you got, little girl  
What it is I don't know, no, I don't know  
But I said a-ha-ha-ha and a-ho-ho-ho  
I love her so  
Ah, make on the accordion
