

Bladie Mae

Johnny Winter

You know I got a brand new friend and I calls her Bladie Mae

You know I got a brand new friend and I calls her Bladie Mae (I have to kill that)

And if I run into trouble she's bound to make somebody pay.

You know I treat my Bladie Mae fine and you know she's always sharp (she looks sharp)

You know I treat my Bladie Mae fine, know she's always sharp

You can always tell her Bladie Mae even if you feel her in the dark.

[Instrumental]

So please don't start no trouble or Bladie Mae be comin' round

Don't start no trouble, Bladie Mae be comin' round

And if you get on her bad side, you're gonna end up on the ground.

Yeah, Bladie Mae goin' getcha ...
