

Execution Song

Johnossi

I'm not your baby
no more
cause I let you go with none
let you go with no score

Well I'm not a baby
no more
with eyes full of sun, I'll feed
my love you get bored

I get around
execept don't wanna spend my
time on you my love
Fucking get rid of this heartache again

There won't be no maybes'
no more
with eyes full of sun, I'll feed
my love you get bored and I'll
have my baby now fucking D-chord,
will beat it out of me'
I'll feed my love you get bored

I get around
Bye bye bye,
why can't you die stop living in my mind,
cause everytime I see a way to brake myself
free from you,
stick in my head like glue
