

# Merry Merry Christmas Everyone

Jon McLaughlin

Every year around this time  
Things start to change outside  
Temperature's dropping, I don't mind  
Bustin' out our heavy coats  
Shoppers fill up the rows  
And everyone's singing while they drive

It's gonna be a white Christmas  
But I believe the house and sparkle  
And every door's got a wreath

The snow is finally coming down  
The neighborhood kids are running around  
The fire burns, the record spins  
So let's forget about what a crazy year it's been  
I don't need money or shining trees  
As long as you sit right next to me  
Let's sing it out like we were young  
Merry merry Christmas everyone, ooh

Young kids wait for Santa to come while  
The older ones bite their tongues  
They can feel the magic in the air  
Family's flying into town  
Look a year older now  
It wouldn't be the same without them there

It's gonna be a white Christmas  
Well I just know  
Let's hang out underneath the mistletoe

The snow is finally coming down  
The neighborhood kids are running around  
The fire burns, the record spins  
So let's forget about what a crazy year it's been  
I don't need money or shining trees  
As long as you sit right next to me  
Let's sing it out like we were young  
Merry merry Christmas everyone, ooh

Oh amen, hallelujah hear the angels sing  
Put on your Sunday best and reminisce  
While the church bells ring

The snow is finally coming down  
The neighborhood kids are running around  
The fire burns, the record spins  
So let's forget about what a crazy year it's been  
I don't need money or shining trees  
As long as you sit right next to me  
Let's sing it out like we were young  
Merry merry Christmas everyone, ooh

Merry Christmas everyone
