

# Make You Cry

Jonathan Coulton

I drove seven hours  
All day to see you  
The least that you could do is be at home  
I wait outside the front door  
I guess that I surprised us both  
When you get home you're not alone  
The way I thought you'd be  
You introduce your friend  
On some sunny day you're gonna fall for me  
The way I fell for you  
That's when I'm gonna make you cry

Ten bucks to buy you flowers  
You say they're pretty  
And you put them in a vase and say goodnight  
Not quite what I had hoped for  
Me, I've got nothing left but time  
To try again and it's alright  
Because I know you care  
You just don't care for me  
On some sunny day you're gonna fall for me  
The way I fell for you  
That's when I'm gonna make you cry

The love I hate  
The hate I need  
The pain that pulls me through  
I can't wait  
To watch you bleed  
When your heart's broken too

I leave another message  
That's two this morning  
My fingers crossed I wait for you to call  
I feel it getting closer  
I'll wait forever, I know  
Brick by brick I'm breaking down the wall  
And when we're side by side  
I'll build it up again  
On some sunny day you're gonna fall for me  
The way I fell for you  
That's when I'm gonna make you cry

Gonna make you cry  
Gonna make you cry
