

One Love

Jordan Pruitt

Oh, oh, oh, aoh
Oh, yeah, yeah
La, da, da, da, da

‘somethin’ ‘bout the way you move when you move that I love, love, love
‘somethin’ ‘bout the way you talk when you talk that I can’t get enough, oh

The way you say it’s a beautiful day when the rain comes down, down, down
And I don’t care if we don’t go nowhere as long as you’re around, ‘round, ‘r
ound, yeah

No one’s gonna break our stride
We walkin’ side by side
We ride, we ride

Ooooh

Some say maybe this one maybe that one never sure of the one they depend on
I say you’re the right one
Baby come carry me away

Ohh

One love, one love, one love
One love that I’m sure of
One love, one love, one love
That I can’t get enough of

Oh, oh, oh, aoh (that I can’t get enough of)

One love that I’m sure of
Oh, oh, oh, aoh
Oh uh, yeah eah

Every time you look at me
And smile like you smile
My heart go boom, boom, boooooom

Anytime you’re not around a minute
Kind of feels just like an empty roooom

And when the music’s playin’
You come and hold me and we sway, sway, swaaaaay (sway, sway, sway) (sway, sw
ay)

And even when I’m wrong
You tell me that I’m right and it’s ok, ok, okaaaayy

Oh

No one’s gonna break are stride
We walkin’ side by side
We ride, we ride, ooooh, yeah

Some say maybe this one maybe that one never sure of the one they depend on
I say you’re the right one
Baby

Come carry me away

Ohh

One love, one love, one love
One love that I'm sure of
One love, one love, one love
That I can't get enough of

Some get 'em for the money
Some get 'em for the fame
Some play it like a game just because they can
I'm in it 'cause I wanna be
Boy you are made for me
Stay with me
Baby you knooooooooooooow

Oh, oh, oh, yeah

Some say maybe this one maybe that one never sure of the one they depend on
I say you're the right one
Baby come carry me away

Yeah, oh

One love, one love, one love
One love, one loooooove
One love, one love, one love
One loooooove
One love, one love, one love (one loooooooooooooove)
Oh, yeah yeah
One love, one love, one love (I can't get enough of)
Oh, yeah
One love, one love
One love that I'm sure of
