

Burn

Jorn

Hey the sky is red I don't understand
Past midnight I still see the land
People are saying the woman is damned
She makes you burn with a wave of her hand
The city's a blaze the town's on fire
The woman's flames are reaching higher
We were fools we called her liar all I hear is burn
I didn't believe she was devil's sperm
She said curse you all you'll never learn
When I leave there's no return
The people laughed till she said burn
Warning came no one cared
Earth was shakin' we stood and stared
When it came no one was spared still I hear burn
You know we had no time we could not even try
You know we had no time
You know we had no time we could not even try
You know we had no time aw aw aw aw aw aaw
The sky is red I don't understand
Past midnight I still see the land
People are saying the woman is damned
She makes you burn with a wave of her hand
Warning came no one cared
Earth was shakin' we stood and stared
When it came no one was spared still I hear burn
Whoa oh oh oh whoa oh oh oh burn
