

# Song For Ronnie James

Jorn

There's a voice in the world for the Lonely.  
There's a fire in the heart of a King.  
And the Broken One's will know,  
They are not the only,  
When He starts to sing.

I turn to face the Sun,  
When the pain is calling.  
My mind is on the run.  
Another Angel falling.....

The Legend lives.  
Like a rainbow in the Dark.  
For the Children,  
And the runaway Heart.  
When you Dream Evil,  
And your world is lost and blind,  
He will move your inner Soul,  
With the sound of Rock N Roll!

It's Rock N Roll!

One more for the vision,  
Let's burn one more for the road.  
We Speed at Night, Yeah!  
It's our Fire and Light!  
We are Legion,  
And the Legacy lives on.  
I must save the Crystal Ball,  
When the Wizard starts to fall.

I can hear the Call!

This is a Song...  
This is a Song for Ronnie James.  
Will never lose it, the Soul and Music.  
Come join the Family,  
All you Children of the Sea.  
Sail on forever and be the Melody.

Do you find it strange that someone wrote this song?  
But I feel the Magic,  
And it makes me strong.  
Like a book of Revelation,  
I will find my Inspiration.  
You are always there,  
If I'm in Hell or Heaven.

One Night in the City.  
Hear the Master of the Moon.  
Feel the Power,  
Sending shivers across the room.  
Neon Knights of the Darknes.  
They are hungry for the Rock.  
He will light their Inner Spark,  
He's a Hunter of the Heart.

This is a Song....  
This is a Song for Ronnie James.  
When life is broken, His Word's are Spoken.  
Come join the Family,  
We will make the whole World see  
We Rock forever, This is our Destiny.  
I wrote this song,  
For the Father of the Sign!

Everyone should cry together.  
We dont want to stand alone.  
Time will come,  
We must live as one for the Mourning.....
