

Good Friend

Joseph Arthur

In a hungry time
In the middle world
Pearls before swine
In the dark a girl

Where are you this time
I consider you to be
A good friend of mine

In a haunted life
Will you take my call
I can't win this fight
Unless you take a fall

Where you are this time
I consider you to be
A good friend of mine

I consider you to be
A good friend of mine

I consider you to be
A good friend of mine

I consider you to be
A good friend of mine
