

# When I Look At You

Joseph Arthur

When I look at you  
I can see his face  
I can see his smile  
I can see his dream

When I look at you  
I can see his trust  
I can see his hope  
and everything he lost

When I look at you  
When I look at you

Maybe you're the moon  
When I'm in the dark  
Maybe you're the voice  
In a hopeful song

When I look at you  
When I look at you

I can see the maze  
I can see the loss  
In this lonely  
(purple) haze  
Look at you I must

When I look at you  
When I look at you

When I look at you  
When I look at you
