

Nice To Fit In

Josh Rouse

Communication and the eyes closed
You keep your questions
and I'll throw the rope if I need it
If I ever should need it

So I've been out almost every night
I need some sleep
I need a place to hide and recover
I needed no other

Nice to fit in
Oh, it would be nice to fit in
Because I'm living on the outside of it all
of it all

Got to stay out of the ice cold
Warm shower and a pack of clothes
and it's nothing
You know that it's nothing

Isolation in the neighborhood
Strum-strumming on a piece of wood
You make something
You know that it's something

Nice to fit in
Oh, it would be nice to fit in
Because I'm living on the outside of it all
of it all

Nice to fit in
Oh, it would be nice to fit in
Because I'm living on the outside of it all
of it all

It's been a very long time, yes a very long time
And I really don't mind if you stop me 10 times to say
That you've been feeling so blind, but you'll think
you'll survive
That's great
It's been a very long time, yes a very long time
And you've waited in line

Nice to fit in
Oh, it would be nice to fit in
Because I'm living on the outside of it all
of it all
