

Winter In The Hamptons

Josh Rouse

Here we go
Singin' our songs with our soul
Winter has gone
Where do we belong?
We have stayed too long

Friday night
So uptight, we get stoned
Sit in the Hamptons
It is too cold
We have stayed too long

Spring is finally here
And we're so well dressed
It's a talent and it's our style
So put on your hat
Because the forecast is rain clouds

Never know
American scene's such a bore
Embarrassing, still, we are hangin' on
We have stayed too long

And we'll fly
Take a gypsy to Eurosize
Our money is gone
Where do we belong?
We have stayed too long

Sick of livin' here
It's such a mess
'Cause the government built our lives
So put on your hat
Because the forecast is rain clouds
