

## Anyway

## Journey

A place in time can make the grind  
Fall out when you want to  
Anyplace, anytime

All the world loves another  
You know you can't find no other  
Still I'm gonna love you, yeah

Anyway, anyway, anyway, anyway

Dark ... are you havin' fun  
Come on out with your play toys  
You got the blues on the run

All the world loves another  
You know you can't find no other  
Still I'm gonna love you, yeah

Yes, I'm gonna love you  
Anyway, yeah yeah yeah  
No, no, no, no, no, no, no, no

Feelin' low, how I loved you so  
Cut out all your teasin'  
You may never know

All the world loves another  
You know you can't find no other  
Still I'm gonna love you, yeah

Yeah, yes I know  
Anyway, anyway, anyway, anyway  
Anyway, anyway, anyway, anyway  
Anyway, anyway, anyway
