

# She's a Mystery

## Journey

Cascades of gentle touch,  
Her passion blinding my eyes  
I'll find, I'll lose myself  
Drawing from her colorful sky  
I'm aware of her grace,  
Those careless kisses

Tattered on a sacred place,  
She's a mystery  
(She's mine)  
Wonderin' if she loves me  
She's a mystery  
(So fine)  
She's a sweet confusion

She's my zen, my home  
My only (?)  
She's my fave champagne  
She's my uh-la-la

Tattered on a sacred place,  
She's a mystery  
(She's mine)  
Wonderin' if she loves me  
She's a mystery  
(So fine)  
She's a sweet confusion

Like a gentle wind she moves  
Her fascination I desire  
She's a butterfly  
She's a Mona Lisa smile

Tattered on a sacred place,  
She's a mystery  
(She's mine)  
Wonderin' if she loves me  
She's a mystery  
(So fine)  
She's a sweet confusion

I'd give all the time  
If she's feeling so fine, yeah  
In and out of my life  
She's a mystery, yeah
