Joy Denalane

So what's it going to be  
L-U-P-E  
Joy c'mon  
WHOA!

There's so many things to say right now  
I've got so much on my mind  
You know what is going down  
How much higher can we climb?  
This system that we're living in  
Depends on poverty and greed  
But people don't need charity  
It's justice that we need

Cause this street fair  
Hey it's surrounding you  
And it's worse than it's ever been  
(we'll over come)  
We'll over come the things they do yea oh  
(we're halfway there)  
We're half way there cause we know the truth  
But livin is another thing  
(we'll over come)  
Over come the things they do  
Lift your voice and sing  
Change is comin our way  
Step by step and day by day  
And we'll live we'll live  
By all that we say  
Step by step and oh day by day

There's war all around the world  
In the name of democracy  
And tell the rope from the judge  
When they're bringing poverty  
I see my sisters on the move  
Making sure we're all contained  
Must've lost something on the way  
When we use ourselves today yea

Cause this street fair  
Hey it's surrounding you  
And it's worse than it's ever been  
(we'll over come)  
We'll over come the things they do yea oh  
(we're halfway there)  
We're halfway there cause we know the truth  
But livin is another thing  
(we'll over come)  
Over come the things they do  
Lift your voice and sing  
Change is comin our way  
Step by step and day by day  
And we'll live we'll live  
By all that we say  
Step by step and day by day

Now before we go foward we gotta take them back  
So we can know where to dig  
Cause if we never know what happened in the past  
Than we can never know just what it is  
If we don't do it for us  
We gotta do it for our kids (kids)  
So they ain't gotta relive  
See there's so much happenin  
Gonna get fixed with singin and rappin  
We gotta take action and  
Turn preachin into practicin  
Cause what happened back then  
Will be right back again whoa  
But each one teach one  
Cause we only as fast as the last one straggilin  
So help 'em out

Step by step  
Day by day (uh)  
I said it won't be long (be long, be long)  
Step by step  
Come with me  
I feel it comin on strong yea  
Step by step  
Day by day  
Oohhh we're gonna over come  
Step by step  
Come with me (uh)  
As long as we are one

A change is comin our way (sing it)  
Comin our way oooooohhhh  
Step by step and day by day  
I said we'll live by all that we say  
Step by step (people) and day by day  
A change is comin our way  
(said it's comin our way)  
Step by step and day by day (ooooohhh)  
(you know it's comin)  
We'll live by all that we say  
Step by step now come with me
