

Big Lie

Joyce Manor

Don't you ever feel lonely
Baby I've been lonely my whole life
Girls can be kind of controlling
I wanna be controlled, I think it'd be alright

Everybody thinks I'm joking
If it's funny then hold me while I cry all night
Maybe we should watch it slowly
We could figure it out, it's all a great big lie

7:30 in the morning
Feeling stoned in the glow of the street light
Sound of car doors gently closing
Baby I've been lonely my whole life

I never noticed the way she had it out for me
I should suppose it's like that for everyone?
So understated, we're never friendly anyhow
Just tell me what you want me to do

If you were aimless I'd be what you were aiming for
If you get anxious I'll put on law and order for you
So overstated, we're never in the moment now
Until we're washed away, child

Until we're washed away, child
Until we're washed away, child
Until we're washed away, child
Until we're washed away, child
