

## Think I'm Still in Love with You

Joyce Manor

Did I introduce you to  
The kinds of things you thought you knew?  
But not like buddy-buddy  
It's not just me, things seemed much sunnier back then  
Doesn't really make a difference to me  
Take a bunch of pills and crash in to me  
Do it again for old time's sake  
Look at me now, there's nothing else left to break

'Cause all I ever wanted was  
To say "I think I'm still in love"  
And even though it isn't true  
I think I'm still in love with you

Beat myself in to the ground  
All I do is hang around  
Nothing I could do or say  
Is ever gonna make you wanna stay

And all I ever wanted was  
To say "I think I'm still in love"  
And even though it isn't true  
I think I'm still in love with you  
And even if it isn't right  
I still gotta put up a fight  
You could leave me black and blue  
I think I'm still in love with you

I think I'm still in love with you (I think I'm still in love)  
I think I'm still in love with you (I think I'm still in love)  
I think I'm still in love with you
