## **Judy Collins**

Far away, far away, child Turn your eyes far away, child Mama will sleep right down beside you tonight Mama will sleep tonight

Pirate ships, pirate ships, child Merry and bold, sparkling and rich, child Coming to dock right at your feet tonight Coming to dock tonight

In the stars, in the stars, child See the people in the stars, child They will fly right through your window tonight Into your window tonight

Mama will sleep right down beside you tonight Mama will sleep tonight, far away
