

It's Yourself

Judy Garland

It's yourself
It's yourself
It's yourself

It's yourself I love, don't you know
More than anyone, more than me
When you want my love, don't you know
What you [Incomprehensible], don't you see

If there's anything I've left to give
I'll give it to you
If there's any life I have to live
I'll live it for you

What's my happiness
What's my wealth
What's my everything
It's yourself

If there's anything I've left to give
I'll give it to you
If there's any life I've left to live
I'll live it for you

What's my happiness
What's my wealth
What's my everything
It's yourself

It's yourself
It's yourself
It's yourself
It's yourself
