

Let's Dance

Juice Newton

Come on baby, let's take a chance
Won't you say you'll let me have this dance

So let's dance
So let's dance
We'll do the twist, the stomp, the mashed potato too
Any old dance that you wanna do
So let's dance
So let's dance

Oh baby, yeah, you're all alone
Won't you say you'll let me walk you home

So let's dance
So let's dance
We gonna rock and roll, I got my dancing shoes
To any old dance that you wanna do
So let's dance
So let's dance

Hey baby, yeah, you thrill me so
Hold me tight and never let me go

So let's dance
So let's dance
I hear the music playing and I can't stand still
Ooh-wee baby if you only will
So let's dance
Let's dance

Come on, baby, are you swinging right?
Won't you say that this is the night?
So let's dance
So let's dance
We'll do the twist, the stomp, the mashed potato too
Any old dance that you wanna do
We'll do the pogo...
Let's dance
Let's dance
C'mon, dance
Let's dance
