Buy that bitch a bag, buy that bitch some beans

Bad red bone, puttin on the show

Need to get your mind right, bitch, and come get these Franklins

Fuck niggas don't want to go to war
Got a AK and a snub nose
Shoot em up, he talkin shit
With a ski mask on, and a pumpin shit
Kick in the door, and leave em dead
With a aim so precise, two shots to the head
One for the money, two for the Feds
Lord forgive, but I mean what I seen
All in your house, and I'm looking for a dope
Cause I got to get paid or else no hope
I'm Juicy J throw with some [?] to the boat
Best believe I'm a pimp, nigga ain't goin broke
Ride in the car with a body in the trunk
Three niggas deep, and we rollin up a blunt
Straight to Mississippi, sweatin up a pilly
Crazy is hell, you niggas gotta kill me
You niggas don't, wanna die,
Chest out, and acting hard
Calico, and a 45
Hollow tips, that pull apart
Keep it G, my G
Or you could meet your makers, body count stackin
I was in Jamaica, with Alabaisse
I be flyin by bitin down I'm flying high
Hatin ass niggas gotta die
If they mad then I'm a let them try

I could kick a door, or I could snatch a nigga
My niggas ridin with me, and they yellin let's crack a nigga
North Memphis full strapped up with a 2
Police pulled me over I'm a play it cool
I ain't going to jail (no sir)
I shoot and I run, that's how a nigga post bail
