

Funny Guy

Julia Fordham

Funny guy
I think I'm falling for you
Funny guy
Do you think you might be
Falling for me too?
You're so smart
You captured my heart
Please don't break it
God willing
I've got this feeling we could make it
Funny guy
Come on by
And fetch me in your car
Funny guy
I will try to take you as you are
Drive me away from it all
And I will keep you
Safe from harm
There's strength behind these fragile arms
If you're gonna make a move
Make it soon
A dozen roses for my room
A hundred heart shaped balloons
Make it soon
Make it soon
Make it soon
Funny guy
Other guys are calling for me
Time rolls by
Funny guy
What's it gonna be
