

## Four Gardens

Julia Holter

...but I can see  
singing  
...far

will you come go?  
will you come go?  
will you come go with me?  
will you come go?  
will you come go?  
will you come go with me?

waking my heart I wait my gardens patiently  
waking my heart I'm waiting for garden patiently

many many moons, many many moons I don't see you  
many many moons, many many moons I don't see you  
you keep so ...  
many many moons, many many moons I don't see you ohh

what...my heart blues  
be a skip through, be a skip through, be a skip through  
this three words to you  
nothings reveals through your feelings inside me  
oh nothing recall to your... inside you and me

will you come go?  
will you come go?  
will you come go with me?  
will you come go?  
will you come go?  
will you come go with me?

nothing reveals the feelings inside me

mister...so bust  
do you know where this way this..  
a fight through the..don't wish floating  
the..is love and always flow

this is some shore, this is some shore to can swim to  
is this some shore, is this some shore to can swim to

...behind my own heart seem sincerely  
...behind my own heart seem sincerely  
...behind my own heart seem sincerely  
ohh...behind my own heart seem sincerely  
ohh...behind my own heart seem sincerely
