

Goddess Eyes I

Julia Holter

I can see you with my eyes if I
Look it right I can see you with my eyes if I
Look it right I can see you with my eyes if I
Look it right
Goddess eyes I found
I can see you with my eyes if I
Look it right
Goddess eyes I
I can see you with my eyes if I
Look it right
If you thought you are dear to me
Dear to me
No more
I can see you with my eyes if I
Look it right
If you thought you are dear to me
Dear to me
No more
I can see you with my eyes if I
Look it right

A mighty goddess you found

I can see you with my eyes if I
Look it right
A mighty goddess you found
I can see you with my eyes if I
Look it right
A mighty goddess you found
I can see you with my eyes if I
Look it right
No more
If you thought you are dear to me
Dear to me
No more
I can see you with my eyes if I
Look it right
If you thought you are dear to me
Dear to me
No more
I can see you with my eyes if I
Look it right
