

It's Good to Want You Bad

Julie London

Please baby, hold me close as you can,
Make me feel so glad;
Arms tight around me,
So right around me,
It's good to want you bad!

Please let me feel the warmth of your lips
Until it drives me mad;
Please don't ignore me,
But just adore me,
It's good to want you bad!

When you make love
The way you make love,
It's almost too good to be true!
Love me, love me, love me, love me,
I can't get enough of you!

Please baby, never turn off your smile
And make your baby sad;
Keep right on squeezin',
Keep right on pleasin',
It's good to want you bad!
It's good to want you bad!
Oh you're so bad!
